Legal Aid Helps to Transform Lives

A mother of two children faced the possibility of losing her family's home after the death of her father. The home held many cherished memories and was a source of stability for her and her children. Through Legal Aid, she was assigned a dedicated pro bono attorney, who donated over 45 hours to find a solution to her legal problem. The attorney opened a probate case and successfully transferred the house title to her name. The mother was able to keep her home and continue providing a safe environment for her children.

CIVIL LEGAL AID PROVIDES CRITICAL CONSTITUENT SERVICES

The Foundation’s annual grantees coordinate services through a statewide infrastructure to provide a continuum of services to help solve the legal problems clients face.

Michigan Legal Help Program is an online clearinghouse that provides information on legal topics, links to legal forms and other self-help resources. The website also includes a triage and referral function through the *Guide to Legal Help*, a step-by-step tool connecting people to the right resources, including referrals to attorneys or a legal aid organization.

- *In 2023, MLH had nearly 2.17 million unique visitors to its website www.michiganlegalhelp.org.*

Counsel and Advocacy Law Line (CALL) is a statewide attorney staffed hotline for low-income individuals and older adults. CALL attorneys advise on housing, public benefits, consumer law, domestic relations, unemployment benefits and other civil matters. CALL provides tailored advice to individuals who call for help and direct referrals to legal aid organizations.

- *In 2023, CALL provided legal advice and referrals for 16,462 closed cases.*

Nonprofit civil legal aid organizations provide representation when a case is more complex or an attorney is needed. The legal aid programs in Michigan are integrated within their communities and work closely with community partners to identify clients who need help. Legal Aid Helps Changes Lives

A young woman, Anna, contacted legal aid when her tax refund was intercepted and her wages were garnished. She discovered that ten years ago when she was 11 years old, a default judgment for a debt had incorrectly been entered against her. She had unsuccessfully tried to file a motion to set aside the judgment and object to the garnishment. Legal Aid represented her and demonstrated that it was not her debt and that the judgment had improperly been entered against her. The judge set aside her judgement and ordered that all funds, totaling \$2,600, be refunded to her within 60 days.
